- UITS students are on the 1st floor of the library
- Please social distance while in the library

## Employee Highlight!

Meet Amanda Nelis:

- **Why did you want to start working in libraries?**
- I've loved books and reading ever since I can remember (literally: my parents taught me to read at age 3), and thus libraries have always had a special place in my heart. When I graduated from college and couldn't find a steady job in my chosen field (film production), I applied for a part-time position at my local public library system.
- **How did you come to work at KSU?**
- I had a former supervisor who came from the KSU Library System and always spoke highly of it. When I decided to make a career change from public libraries to academic ones, KSU was the first place I thought of going.
